MINUTES OF MEETINGS OF THE Board of Commissioners

MARCH, 1919

NEWARK, N. J.,
March 6, 1919.

A regular meeting of the Board of Commissioners of Newark, N. J., was held on the above date in the Council Chamber, City Hall, Newark, at 11 o'clock a. m.

Present — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The minutes of the meeting of February 27th, 1919, were read and approved.

Mr. Theo. G. Hindenlang appeared on behalf of the property owners protesting against the paving of Wilson Avenue from Ferry Street to London Street, claiming the property owners of this section are almost unanimous in the belief that an assessment of this character should not be levied at this time. He stated that a petition, signed by a very large majority of the property owners, was filed with the Director of Streets and Public Improvements. He stated that the original plan of the city was to repave from the railroad down to Port Newark, which would be a benefit to the manufacturers who are located in that part of the city. The property owners along this proposed improvement are people of little means, owning perhaps 25 or 50 foot frontage.

Engineer Howell, who was called upon by Commissioner Raymond, stated that the paving of Wilson Avenue from Ferry Street down was in

a very poor condition; that the paving was laid under two separate contracts, one contract was 25 years old and the other still older, and as a matter of fact the pavement is worn out and cannot be repaired. A large number of people who have been doing business at Port Newark and have been using this route have petitioned to have it repaved. The Street Cleaning Department finds it difficult to keep the street clean. The Board of Assessment for Local Improvements, should they decide that the burden of the assessment should be placed upon the city at large, would mean that but a small assessment would be placed on each property owner.

Mr. Hindenlang stated that there was no assurance that the Board of Assessment for Local Improvements would handle the project so that it would mean only a small assessment on each property owner.

Commissioner Raymond stated that this was improving a thoroughfare which led down to Port Newark, and suggested that a tentative assessment be obtained and that the protestants appear after this tentative assessment was made. I do not care to assume the responsibility of deciding this matter until I have had an opportunity to look into it further.

Mr. Hindenlang stated that some of the property owners were in favor of another form of pavement if the street was to be repaved, and sug-

gested that tentative assessments be procured on not only granite, but also with wood block.

Commissioner Raymond moved that "An Ordinance to provide for the repaving of Wilson Avenue from Ferry Street to London Street with new granite block pavement on an eight (8) inch concrete foundation" be laid over for two weeks from today, March 20th, 1919.

The roll being called, the motion was declared adopted by the following votes:

Commissioner Brennan moved that "An Ordinance to amend Sections 282, 283, 285, 287, 288, 292, 296 and 298 of the Revised Ordinances of the City of Newark (Revision of 1913), approved October 4, 1913," be laid over for one week from today, March 13th, 1919.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Brennan offered the following ordinance which was read by the clerk:

An Ordinance to license phrenologists and to prohibit unlicensed persons from practicing phrenology.

The Board of Commissioners of the City of Newark do ordain:

1. That it shall be unlawful for any person to hold himself or herself out to the public as a phrenologist, sometimes called craniologist, or to practice phrenology or craniology, for gain or profit within the City of Newark without a license first had and obtained for such purpose.

2. Applications for such licenses to practice phrenology or craniology shall be made on blanks to be supplied by the City Clerk, and the license fee shall be the sum of two hundred and fifty (\$250) dollars. Said license fee as herein and hereby fixed is imposed for revenue.

3. All licenses herein provided for shall be granted and issued by the Director of Public Safety, in his discretion, and all such licenses shall be valid for the period of one year from the day and date of issue, or for such shorter period as the said Director of Public Safety shall, in his discretion, designate, as shown thereon, unless sooner revoked; and all such licenses shall be signed by the said Director of Public Safety and the City Clerk of said City of Newark. Such license granted pursuant to this ordinance shall designate the place at which the licensee shall conduct such business,

and it shall be unlawful for such licensee to conduct such business at any place other than that designated in the license. These licenses shall not be transferable. The Director of Public Safety shall have the power to revoke any such license and in case the said Director shall determine that there is reasonable cause to revoke any such license, he shall cause a notice to be served in writing upon the licensee or other person in charge of the licensed place, citing him to appear before the said Director of Public Safety at a time and place to be therein designated; which said notice shall be served upon the said licensee or his agent at least five days prior to the date therein set for hearing.

4. The license herein provided for shall be posted and displayed in a conspicuous place in the building wherein the said business is carried on.

5. No license shall be issued under this ordinance unless the applicant therefor shall be a citizen of the United States and shall have been a resident of the City of Newark for at least one year prior to the date of application.

6. Any person, persons, firm or corporation which shall violate any of the provisions of this ordinance shall, upon conviction thereof, forfeit and pay a fine not to exceed the sum of One Hundred (\$100) dollars for each offense, or be imprisoned for a period not exceeding thirty days, or both, in the discretion of the Court imposing the same.

7. All ordinances and parts of ordinances inconsistent herewith are hereby repealed.

8. This ordinance shall take effect immediately.

The ordinance having been read once, Commissioner Brennan moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The Clerk then read the ordinance by sections.

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

Section 5 declared open to amendment.

Section 6 declared open to amendment.

Section 7 declared open to amendment.

Section 8 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

The ordinance having been read a second time, Commissioner Brennan moved that it be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage one week from today, March 13th, 1919.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond: I have here a letter from Mrs. L. M. Grimm who lives at 85-7 Seymour Avenue. The property she owns is purely residential. It seems that next door at 89 excavation has been begun for the erection of a garage, and she is very much disturbed about it, as all the rest of the people are in the neighborhood, and I think this is one

of those cases which we have got to take care of. The City Counsel informs me that the matter can be disposed of by a motion. I, therefore, move that the Building Department be directed not to issue a permit for the building of this garage until further ordered by this board.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

I have an ordinance to cover this point so that we can take care of those citizens who are in this position.

Commissioner Raymond offered the following ordinance which was read by the Clerk:

An Ordinance governing the issuance of permits for the Construction, raising, enlarging or altering of any Public or Commercial Garage in the City of Newark.

The Board of Commissioners of the City of Newark do ordain:

1. Before any permit shall be issued for the construction, raising, enlarging or altering of any public or commercial garage in the City of Newark, an application for such permit shall be made in the manner now provided by Section 132 of Article XIV of the Revised Ordinances of The City of Newark (Revision of 1913), approved October 4, 1913.

The term "Commercial Garage," as used in this Ordinance, shall be construed to mean a garage as defined in Section 440 of the Revised Ordinances of The City of Newark (Revision of 1913), approved October 4, 1913; and the term "Public Garage," as used in this Ordinance, shall be construed to mean a garage as defined in Section 441 of the Revised Ordinances of The City of Newark (Revision of 1913), approved October 4, 1913.

2. The Superintendent of Buildings upon receiving such application,

with the accompanying drawings, shall make an investigation and report upon said application and at the same time insert in one of the daily newspapers printed and published in The City of Newark for three consecutive days, notice of such application, which notice shall state the name and address of the applicant, the location of the property upon which it is desired to construct, raise, enlarge or alter any commercial or public garage, giving the street number and stating that the plans are on file in the office of the Superintendent of Buildings and can be inspected by any one interested; and any objections presented by any one shall be laid before the Director of the Department of Public Safety and he shall report, in writing, to the Board of Commissioners, at a regular meeting, the said application, the result of such investigation and any recommendation he may desire to make regarding or refusing the permission asked for by such application.

The applicant shall pay the expense of advertising the aforesaid notice at the time of the filing of said application along with all other fees required by the Ordinances of The City of Newark.

3. In case the report of the Director of the Department of Public Safety shall recommend that said application shall not be granted, no permit shall be issued in such case, unless the Board of Commissioners shall, by resolution, so direct, which resolution must receive the approval, by vote, of one more than a majority of all of the members of said Board of Commissioners; and in case such report of the Director of the Department of Public Safety shall recommend that said application be granted, the same shall be issued if the Board of Commissioners shall, by resolution, so direct, which resolution must receive the approval, by vote, of one more than a majority of all of the members of said Board

of Commissioners. Such action as the Board of Commissioners shall take in each case coming before it shall be certified to the Superintendent of Buildings, who shall thereupon either issue or refuse said permit, in accordance with the action of said Board of Commissioners.

4. Any person or corporation, either as owner, contractor, builder or architect, or any agent, trustee, director, officer, or employe of any person or corporation, and any and all persons who shall violate, or authorize a violation of, or assist in the violation of any provision of this ordinance, or fail to comply with any of the requirements of this ordinance, shall for each and every such violation be subject to a fine of fifty dollars or to imprisonment not exceeding ten days. After the first conviction for the violation of any provision of this ordinance, any person or corporation aforesaid who shall continue to violate any provision of this ordinance, shall for each and every day that such violation continues be subject to a fine of twenty-five dollars (\$25).

Any person or persons aforesaid found violating any provision of this ordinance may be arrested by any police officer of The City of Newark, or by the Superintendent of Buildings of said City, or by any employe in the office of said Superintendent of Buildings whose duty it shall be to enforce this ordinance, and taken before one of the judges of the Criminal Courts of this City to be there disposed of according to law.

The following communications were received and read:

Newark, N. J., Feb. 27, 1919.

W. J. Egan, Esq.,

City Clerk,

Newark, N. J.

Honorable Sir:

As my work on the Exemption Board is about completed, I hereby make application to have my resignation of September 3rd, 1918, reconsidered. At the time I handed in my resignation I was physically un-

able to attend to my duties at the City Clerk's Office, and also on the Exemption Board. My physical condition was such, at times, that I could not sleep or eat and my nerves were all unstrung, on account of the amount of work I was doing, and as I had sent word to the Government that I would continue to serve as a Board Member, I therefore concluded that I would complete the Government work.

The exemption work was a great strain on me, as we had over 10,000 registrants, and of which 40% were aliens and representing 16 nationalities, and is one of the most difficult districts to contend with in the City of Newark.

Between 7,300 and 7,400 questionnaires were filed and classified by our Board, and which you can see, was an enormous amount of work. You can readily understand the difficulty in explaining different matters to the aliens.

The reason I had to take care of the majority of the work on the Exemption Board was because the Chairman, Fred'k G. Ross, commenced his own business last spring, and to which business he had to devote his entire time.

Although we had a clerk, you know the registrants and their folks wanted to speak to the Board Members and not the hired help.

I therefore kindly ask you to reconsider my resignation and consider it as a leave of absence.

Respectfully yours,

John G. Schweikhardt.

Ordered filed.

Newark, N. J., March 12, 1919.

To the Honorable Board of Commissioners of the City of Newark,
N. J.

Gentlemen:

The attached communication from Mr. John G. Schweikhardt is most respectfully referred to you for consideration.

You will note that Mr. Schweikhardt requests that his resignation

as a clerk in the City Clerk's Office, dated September 3, 1918, be reconsidered and that it be regarded as a leave of absence from duty as an employe of the City.

I most respectfully recommend that the resignation of Mr. Schweikhardt be reconsidered and that the records be corrected to indicate that he was granted an indefinite leave of absence from September 3, 1918.

Mr. Schweikhardt informs me that he has concluded his duties with the Draft Board and consequently I recommend that he be reinstated, effective March 17, 1919.

Yours very truly,
W. J. Egan,
City Clerk.

Ordered filed.

Mayor Gillen offered the following resolution:

RESOLVED, That the resolution adopted by the Board of Commissioners on September 5th, 1918, accepting the resignation of John G. Schweikhardt, as clerk in the City Clerk's Office, effective September 7th, 1918, be and the same is hereby rescinded; and

BE IT FURTHER RESOLVED, That the absence of said John G. Schweikhardt as such clerk in the City Clerk's Office, since September 7th, 1918, be considered as a leave of absence without pay, with the approval of this Board, for the purpose of performing his duties as a member of Local Board for the 14th District for the City of Newark under the Selective Service regulations of the President of the United States; and

BE IT FURTHER RESOLVED, That the proper city officers are hereby authorized to place his name upon the payroll as Clerk in the City Clerk's Office, at a salary of two thousand three hundred dollars (\$2,300) per annum, payable semi-monthly as other salaries are paid, same to take effect March 17, 1919,

and to be in conformity to the Civil Service Law and the rules of the Civil Service Commission.

A. Archibald,
Charles P. Gillen,
Thomas L. Raymond,
William J. Brennan,
John F. Monahan.

The following communication was received and read:

Newark, N. J., March 10, 1919.
The Board of Commissioners of the City of Newark.

Honorable Sirs:

At a Legislative Conference held in the Mayor's office on March 10th, the following bills were considered, and on motion referred to you:

Assembly Bill No. 87—Allows any city in this State to acquire and operate its own transportation lines, etc.

Assembly Bill No. 181—Presents a complete scheme for governments in cities of first-class, etc.

Assembly Bill No. 293—Repeals the six-year clause of the Walsh Act.

Assembly Bill No. 308—Pierson's City Manager Bill.

Respectfully yours,

W. J. Egan,

City Clerk.

Ordered filed.

Mayor Gillen: These bills were referred to this Commission by the Legislative Conference of City Officials. In reference to Assembly Bill No. 87, Mayor Gillen moved that the matter be referred to Commissioner Raymond for an opinion to be presented to the Legislative Conference to be held Monday, March 17th, 1919.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Assembly Bill 181—Mayor Gillen moved that it be disapproved by the Commission.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Brennan, Raymond, Mayor Gillen.

Nays—Commissioners Archibald, Monahan.

Commissioners Archibald and Monahan refused to vote to disapprove the bill, stating that such action would place the Commissioners in the light of trying to hold on to their positions in the City Government. They also stated that if the people were dissatisfied with the Commission, they were willing to have a

referendum on the new form of government.

Assembly Bill 293—Mayor Gillen moved that it be disapproved.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Assembly Bill 308—No action was taken.

Commissioner Raymond offered the following ordinance, which was read by the Clerk:

A further supplement to an ordinance entitled "An Ordinance to establish the names of certain streets in the City of Newark."

The Board of Commissioners of the City of Newark, do ordain:

Sec. 1. That the names of the following streets and highways situate in the City of Newark be and the same are hereby changed and shall hereafter be known and designated as follows:

Weston Avenue from Frelinghuysen Avenue to Bessemer Street to be changed to Haynes Avenue;

Meadow Road from Bessemer Street eastward about 1,300 feet to be changed to Haynes Avenue;

Sec. 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

The ordinance having been read once, Commissioner Raymond moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The Clerk then read the ordinance by sections.

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

The ordinance having been read a second time, Commissioner Raymond moved that it be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond moved that the ordinance be taken up on third reading and final passage, one week from today, March 20, 1919.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond moved that the bill of the N. J. State League of Municipalities for \$500.00 be paid and that it be referred to the Director of Revenue and Finance for necessary attention.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond offered the following resolution:

RESOLVED, That the contract between the City of Newark and Peter Tallman and others, for the purchase of lands and premises in the Township of West Milford, Passaic County, and the Township of Jefferson, Morris County, New Jersey, in the Pequannock Watershed, dated the 8th day of March, 1919, a copy of which contract is hereto annexed, be and the same is hereby approved, and that the Director of the Department of Streets and Public Improvements is hereby authorized to execute the same on behalf of the City of New-

ark on the adoption of this resolution.

The roll being called, the resolution was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Brennan offered the following resolution:

RESOLVED, That the Director of the Department of Public Safety be and he hereby is authorized to advertise for proposals for one (1) or more, White Motor Tractors for use in the Fire Division of the Department of Public Safety.

William J. Brennan,
Thomas L. Raymond,
A. Archibald,
John F. Monahan,
Charles P. Gillen.

The roll being called, the resolution was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond offered the following resolution:

RESOLVED, That the sum of One hundred thousand (\$100,000) dollars be and the same is hereby appropriated to the North Jersey District Water Supply Commission, being the first payment as provided for in the contract between the City of Newark and the said North Jersey District Water Supply Commission, dated October 31, 1918, and due November 30, 1918, for the development of a water supply from the Wanaque River.

Thomas L. Raymond,
A. Archibald,
William J. Brennan,
John F. Monahan,
Charles P. Gillen.

The roll being called, the resolution was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mayor Gillen: The Homes Registration Committee asked me to bring to the attention of the Board the matter of maintaining a bureau at the City Hall—at the city's expense. They moved from here to the Y. W. C. A., but yesterday Mrs. Spurr and Mrs. Ten Eyck came down to see me and said they would like to have the city pay for the maintenance of a Bureau.

Commissioner Archibald: We have no right to maintain this Bureau—the law gives us no right to do so.

Mayor Gillen brought up the question of the trolley strike and asked if the strike were to continue, whether or not the franchises of the Public Service Railway Company could be revoked—he asked if the city had the power to revoke them. In case the company continues to give no service for a number of days, what could we do? Has the city the power to take over the company's cars and operate them? This matter ought to be taken out of the hands of Mr. McCarter.

Mr. Congleton said that the franchises could not be revoked without notice first being given to the Company and a hearing given it upon the question.

Commissioner Raymond moved that the matter of the revocation of the Public Service Street Railway Franchises on account of the discontinuance of the service, and whether

the city has the power to take over the company's cars, be referred to the Law Department for an opinion, and that a special meeting of the Commission be called, as soon as possible, to consider the opinion.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mayor Gillen asked regarding the continuance of the seven cent trolley fare—whether it was going to continue after the 1st of April, also about the zoning rates.

Mr. Congleton said he understood it was within the province of the Public Utilities Commission to suspend the rates for a period of three months to provide an opportunity for investigation. He said he could not give any advice regarding the matter until he had had sufficient time to look into it.

Commissioner Brennan moved that the matter be referred to the City Counsel for the purpose of entering a protest with the Public Utilities Commission, on the part of the city, against the new rates, presented by the Public Service Railway Company, under the zoning proposition, going into effect until we have had an opportunity to investigate.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

NEWARK, N. J.,

March 20th, 1919.

A regular meeting of the Board of Commissioners of Newark, N. J., was held on the above date in the Council Chamber, City Hall, Newark, at 11 o'clock a. m.

Present — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The minutes of the meeting of March 13th, 1919, were read and approved.

At 11 o'clock a. m. Mayor Gillen announced that a hearing would be held on the report of the Board of Commissioners of Assessments for Local Improvements assessing benefits for the widening of Wilson Avenue, formerly Hamburg Place, and assessing benefits for the paving of Bay Avenue.

No citizens appeared in reference to the assessments.

Commissioner Archibald offered the following resolutions:

RESOLVED, That the report of William Dimond, August Soffel and Bernard K. Judge, Commissioners of Assessments for Local Improvements of the City of Newark, assessing benefits for the paving of Bay Avenue in said City, which said report is hereto annexed, be and the same is hereby approved, ratified and confirmed, and certified to the Comptroller for collection.

A. Archibald,
Charles P. Gillen,
William J. Brennan,
John F. Monahan,
Thomas L. Raymond.

The roll being called, the resolution was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

WHEREAS, The Board of Commissioners of the City of Newark, N. 1917, did determine that Bay Avenue should be paved for a width of twenty (20) feet from South Street to Port Street with old granite blocks and that the whole amount of the costs and expenses paid and incurred by the City of Newark, in the prosecution and completion of the said improvement, should be assessed according to the provisions of the Act entitled "An Act to revise and amend the Charter of the City of Newark," approved March 11, 1857, and the supplements thereto.

AND WHEREAS, The said Board of Commissioners of the City of Newark did duly certify to the Commissioners of Assessments for Local Improvements of the said City of Newark, the costs and expenses paid and incurred by the City of Newark.

AND WHEREAS, The said Board of Commissioners of the City of Newark did thereupon by resolution approved December 21, 1917, ascertain and declare the whole amount of the costs and expenses paid and incurred by the City of Newark, to be the sum of twenty-four thousand, six hundred four dollars and forty cents, said costs and expenses being arranged under the following principal divisions or heads, to-wit:

Prehliminary Costs	\$ 193 34

Inspectors	1,110.65
Engineering	444.25
Commissioners' Fees	150.00
Maps and Clerkship.....	140.00
Advertising	75.00
Court and Filing Fees.....	11.36
Interest	266.87

AND WHEREAS, The said Board of Commissioners of the City of Newark did, by virtue of an Act of the Legislature of New Jersey, entitled "An Act concerning assessments for local improvements in the cities of the first class, providing for the appointment of Boards of Commissioners to make all such assessments, defining the duties of such Commissioners and fixing their compensation," approved March 24, 1892, and of the Act entitled, as amended, "An Act relating to, regulating and providing for the government of cities, towns, townships, boroughs, villages and municipalities governed by Boards of Commissioners or improvement commissions in this State," approved April 25, 1911, commonly known as the Walsh Act, and the acts amendatory thereof and supplementary thereto, appoint the undersigned, William Dimond, August Soffel and Bernard K. Judge, being Freeholders and residents in said City, Commissioners to make an estimate and assessment upon all the owners of all the lands and real estate in the City of Newark peculiarly benefitted by any local improvement, in proportion as nearly as may be to the advantage each was deemed to have acquired, and in case the cost and expenses of the said improve-

ments should exceed the amount of the said benefit, then to assess such excess upon the City of Newark.

NOW, THEREFORE, Be it known, that we, the said Commissioners of Assessments for Local Improvements, before entering upon the performance of the duties required of us in the said appointment, having first severally taken and subscribed the oath required by law to be by us taken, to faithfully and impartially discharge the duties imposed upon us, according to the best of our skill and ability, did enter upon the duties of the said appointment, and having viewed and examined the lands and premises peculiarly benefitted by the said improvementand so far as practicable ascertain the names of all the owners of the lands and real estate in said city peculiarly benefitted by the said improvement, and cause a map of the said lands and real estate benefitted as aforesaid to be made, which map accompanies this report and makes a part thereof, we did make the said estimate and assessment fairly, legally and equitably, according to the best of our skill and ability; and having prepared a report by a certificate in writing of the said assessment so made, did cause the same to be placed in the office of the City Clerk of the City of Newark, for examination by the parties interested therein, and did give notice by advertisement published in three daily papers (one of which is printed in the German language) printed and published in the City of Newark, for five days successively prior to the time appointed for meeting therein, that said report was deposited as aforesaid and also the time and place when and where the parties interested in the said assessment could be heard by the said Commissioners, of which adver-

tisement a copy is hereunto annexed, at which time and place appointed in said notice, having met for the purpose of hearing the said parties in relation to the said assessment, and having given an opportunity to the parties then and there to be heard before us in relation thereto; and having further considered the subject of the said assessment and the representations of the parties interested therein, and no objections in writing having been presented to us, we at last said meeting concluded the consideration of the said assessment, and proceeded to complete and sign the said report of the said assessment; and we do hereby report that we have assessed upon all the owners of all the lands and real estate in said city peculiarly benefitted by the paving of Bay Avenue as hereinafter particularly set forth, in proportion as nearly as may be to the advantage each was deemed by us to have acquired, the sum of Twenty-four Thousand, Six Hundred Four Dollars and Forty Cents, which said sum is the total cost of this improvement and is paid by the City of Newark.

And we do further certify and report that we have limited the said several assessments so made as aforesaid, and more particularly hereinafter referred to, upon all the owners of all the lands and real estate peculiarly benefitted as aforesaid, to the amount of the peculiar benefits conferred on said owners of said lands and real estate by said improvement, and that no others than the owners of said lands and real estate so assessed as aforesaid are peculiarly benefitted by the said improvement.

The following and annexed is a schedule of the several assessments upon the several owners of all the lands and real estate in the City of Newark peculiarly benefitted by the said improvement, and the amount assessed upon each of the said owners according to the best of our skill

and ability, which schedule makes part of this, our report. The maps accompanying the same and hereunto annexed and signed by us, exhibit the location and dimensions of the several lots, tracts and parcels of land and real estate assessed. In all cases where it appears in the annexed schedule that the owners of the property assessed are unknown, or that the property assessed belongs to an estate, we hereby certify that we have diligently endeavored to ascertain the names of the owners so assessed as unknown, and the names of the persons interested in the said estate, but have been unable to obtain information with reference thereto. The said lots, tracts and parcels of land and real estate are, as far as practicable, marked and designated on said maps by the block and lot numbers, said lots, tracts and parcels of land and real estate are known by and designated as upon the block maps of the City of Newark and by the names of the owners, so far as practicable, as whose property they are assessed respectively, and the street numbers of each and every of such lot, tract and parcel of land and real estate where the streets are numbered.

The figures, lot numbers and block numbers on the annexed maps, refer to the figures, lot numbers and block numbers mentioned in the annexed schedule of assessments for benefits.

IN WITNESS WHEREOF, We, the said Commissioners of Assessments for Local Improvements, have hereunto set our hands, this ninth day of January, 1919.

William Dimond,
August Soffel,
Bernard K. Judge,

Commissioners of Assessments for
Local Improvements.

RESOLVED, That the report of William Dimond, August Soffel and Bernard K. Judge, Commissioners of

Assessments for Local Improvements of the City of Newark, assessing benefits for the widening of Wilson Avenue, formerly Hamburg Place, in said city, which said report is hereto annexed, be and the same is hereby approved, ratified and confirmed, and certified to the Comptroller for collection.

The following communication was received and read:

City Counsel's Office,
Newark, N. J.,
March 17, 1919.

SUBJECT: RE POWER TO REVOKE FRANCHISES OF PUBLIC SERVICE RAILWAY COMPANY FOR FAILURE TO OPERATE SYSTEM.

Board of Commissioners of
The City of Newark,
Addressed.

Gentlemen:

I have considered very carefully

this matter, and it is my opinion that the City cannot, at this time, revoke the franchises of the railway company by reason of the Company's failure to operate the cars upon the headway provided for by the ordinances of the City. I base this opinion upon Section 901 of the Revised Ordinances of The City of Newark (Revision of 1913), which section reads as follows:

"Should any such company, corporation or individual proprietor or proprietors neglect to run cars upon their road or roads for the accommodation of the public, for the space of three consecutive months, the Board of Street and Water Commissioners reserve the right to rent the said road or roads to any other person or persons, company or companies who will be willing to run cars on the same; or in the event of the said Board being unable so to rent said road, or to place cars upon the same for six months after the same shall have been abandoned, as aforesaid, by the company or individual or individuals owning the same, then, and in such case, the said Board reserves the right to cause the said road or roads to be removed from the streets and highways of the city, and to sell or dispose of the materials thereof, and after paying therefrom all expenses of such removal and sale, and of repairing said street or highway, pay the balance, if any, to the legal representatives of said defaulting company or owner or owners."

This same provision is contained in almost all of the ordinances granting a franchise to the present railway company, or its predecessors.

In view of these provisions, which, in my opinion, have the force and effect of a contract, the City cannot, until after the expiration of the periods therein fixed, undertake either to rent the roads to any other person or company who will be willing to run cars on the same or to

cause the said roads to be removed from the streets and highways of the City, etc.

Further, in view of the question that has arisen from time to time about the right of the City to revoke the franchises of Public Service Railway Company, by reason of a breach of some of the conditions upon which the grant was made—assuming that the City may, at a later date, find itself in the position where it may want to undertake to revoke the franchise for breach of some of the conditions upon which the grant to operate was made, I deem it my duty to call to your attention the situation that would be created if the franchises should be revoked.

In the case of *Jersey City v. North Jersey St. Ry. Co.*, 74 N. J. Law, 774, the Court of Errors and Appeals of our state held that a trolley company, organized under the traction act of 1893, needs no other authority to maintain and operate the street railway than that contained in the traction act itself. The first section of the traction act authorizes corporations formed under said act to enter upon any highway upon which any street railway or other railroad operated as a street railway is or may be constructed, and to maintain and operate it with the consent of the owner and of the persons operating the same. All of the railway lines in the City of Newark, as I understand, are now operated by the Public Service Railway Company (which company was organized under the traction act), with the consent of the previous owners of said trolley companies.

Under this decision, if the City should revoke the franchises, the railway company would have the right, under the traction act, to operate its lines within the City. This would then mean that the railway company would be relieved

from carrying out the conditions upon which the original grant was made, and which, until revoked by the City or changed by the State, have the force and effect of a contract between the railway company and the City.

Some of the conditions which are still in effect and which, if I am correct in my views, would be lost to the City are:

1. Payment of 5% of the gross receipts.
2. Paving between the tracks and 18 inches on either side thereof and maintenance of said pavements and the repaving thereof, when a new pavement is laid in the balance of the street by the City.
3. Snow removal.
4. The right to compel the change from overhead construction to any new method which may subsequently prove more practicable.

There may be other conditions which I have not seen in my hurried examination of the various grants.

For these reasons it seems to me that the Commissioners should consider this question very carefully before they undertake any proceedings at this or any future time for the revocation of the franchises.

SUBJECT: RE POWER OF THE CITY TO TAKE OVER TROLLEY LINES OF PUBLIC SERVICE RAILWAY COMPANY AND OPERATE SAME.

This question, as submitted to me for an opinion, as I understand it, is whether the City can take over that part of the Public Service Railway Company's trolley system within its boundaries and operate it during the present suspension or crippling of service caused by the strike.

I have no hesitancy in advising you that the City is without such power.

If the City should undertake to do what the question propounded to me, it will be necessary to take over

the cars and use the rails and other equipment of the Company required for the operation of the cars. This would surely be a taking of private property under our Constitution, and this is prohibited, except by due process of law and upon making just compensation.

I am aware that under the Home Rule Act, Chap. 152 of the Laws of 1917, Article XXXIV, Section 1, every municipality is given power to engage in the business of transportation of passengers and goods and chattels within such municipality, by whatever means it may decide, and may lay railroad tracks through, over and upon the public roads, streets and highways of said municipality, and through, over and upon such private property as may be necessary therefor, and may acquire such cars, motor buses, vehicles and other equipment necessary for carrying on such business. Such power cannot be exercised, however, until a majority of the legal voters of the municipality, voting at an election upon said question, shall have voted so to do.

There is another phase of this matter that I feel it my duty to call to your attention. While, as a general proposition, a municipality may not be held liable for damages for the negligent act of any of its servants, there are certain conditions under which a municipality may be liable, and it is my opinion that if the City were operating a trolley line, it would come within the excepted class, on the theory that in engaging in the business of operating a trolley line, it would not be performing a public or governmental function. If I am correct in my opinion in this respect, it would mean that the City could be held liable in damages for all injuries to persons and property sustained during the operation of the system by the City.

My conclusion, with respect to this phase of the matter, is that the Public Service Railway Company could

successfully apply to the Court of Chancery for an injunction restraining the City from taking over its property, in the manner now suggested, and until the City proceeded in the manner provided for by our statutes.

Respectfully submitted,
Jerome T. Congleton,
City Counsel.

Ordered filed.

NEWARK, N. J.,

March 27th, 1919.

A regular meeting of the Board of Commissioners of Newark, N. J., was held on the above date in the Council Chamber, City Hall, Newark, at 11 o'clock a. m.

Present — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The minutes of the meeting of March 20th, 1919, were read and approved.

Mr. James R. Nugent appeared before the Board in the interests of Charles Cooper & Company, who have purchased nine acres of meadow land from the McGregor Estate and who are anxious to have sections of Thomas, Parkhurst and Harper Streets, and Avenues F and E, which have never been opened, vacated. He represented Charles Cooper & Company, which has a plant on the Meadows and which, because of con-

templated expansion of the plant, desires to have several paper streets vacated. He also wanted the proposed paving of Tyler Street from Malvern Street south delayed.

Commissioner Raymond: My policy has always been to vacate streets of that kind right away. We will take it up and prepare an ordinance.

Commissioner Archibald moved that the matter be referred to the Department of Streets and Public Improvements.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Dr. W. G. Hanrahan appeared before the Board and suggested that the Commission take some steps to have the law which authorizes the Public Utilities Commission to fix rates amended so that that power will be placed in the hands of the municipalities. He also spoke of the proposed zoning plan outlined by the Public Service Railway Company, and urged the Commission to use its influence to prevent the new rates from going into effect. It was his belief that if the zoning plan goes into effect it will have a tendency to retard the growth and progress of our city and will drive people out of the city. He also expressed the hope that more jitneys would be put into operation so as to give the people better transportation accommodations.

Commissioner Raymond: We have 340 jitneys on the streets now.

Commissioner Brennan moved that the matter be referred to the Law Department to find out what remedy might be suggested to the Legislature.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The roll being called, the resolution was declared adopted by the following votes:

Yeas—Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Archibald: I received a petition from two-thirds of the property-owners on South street, between Mulberry and Pacific streets, who object to the paving of this street at the present time. They claim that South street is a thoroughfare to Port Newark and that 90% of the traffic to Port Newark goes through South street. The property-owners contend that the paving is in fairly good condition, and in view of the already high tax

they claim their finances will not permit of such a high assessment as this paving will cost.

Engineer Sherrerd, who was called upon by Commissioner Raymond, made the following explanation: This work is proposed to be done by granite pavement with tarred joints on concrete foundation. I see no reason why the assessment for this work should not be in the same class as the assessment for Passaic Avenue, where it was understood that the pavement was in the nature of a war measure and only a small portion of the assessment would be placed upon the property owners.

Commissioner Raymond directed Engineer Sherrerd to take the matter up with the Board of Assessment for Local Improvements to see if he could not get some expression of opinion from them as to the probable assessment.

Commissioner Monahan reported that the paving on North Canal Street is in pretty bad shape and should be attended to as soon as possible. He stated the paving he had in mind is near Mulberry Street.

Commissioner Raymond moved that these matters be referred to the Department of Streets and Public Improvements for consideration.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Archibald presented the following petition, which was read by the Clerk:

Newark, N. J., March 22, 1919.

To the Honorable

Board of Commissioners of
Newark, New Jersey.

We, the undersigned, property owners of South Street, between Mulberry and Pacific Streets, hereby submit this petition to your Hon-

orable Body as a protest against the paving of said street. We feel at this time, now that the tax rate has been finally set at such a high rate, that our finances will not permit of such a high assessment as this paving will cost.

We also feel that a few minor repairs to said section of South Street will put it in a satisfactory condition until at least normal conditions adjust themselves.

(Signed by 60 property owners.)

Ordered referred to the Department of Streets and Public Improvements.

Commissioner Raymond offered the following ordinance, which was read by the Clerk:

An Ordinance to provide for the resurfacing of South Tenth Street from Avon Avenue to Springfield Avenue with bitulithic pavement on the old telford foundation, renewing the brick gutters wherever necessary.

The Board of Commissioners of the City of Newark do ordain:

Section 1. That South Tenth Street from Springfield Avenue to Avon Avenue shall be resurfaced with bitulithic pavement on the old telford foundation, renewing the brick gutters wherever necessary, together with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the resurfacing of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, all in accordance with the provisions of Article 20, Chapter 152 of the State Laws of 1917, together with the necessary sewer and water connections to the curb lines.

Sec. 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

AN ORDINANCE CREATING IN THE DEPARTMENT OF PUBLIC SAFETY AN ELECTRICAL BUREAU AND PROVIDING FOR THE CONTROL AND REGULATION OF THE INSTALLATION AND INSPECTION OF ELECTRICAL WIRES, APPARATUS AND APPLIANCES IN THE CITY OF NEWARK AND FOR THE APPOINTMENT OF INSPECTORS AND DEFINING THE POWERS OF SAID BOARD AND THE DUTIES OF SAID INSPECTORS.

The Board of Commissioners of the City of Newark do ordain:

ARTICLE I.

Section 1. There is hereby created in the Department of Public Safety an electrical bureau. Said bureau shall be known as the Electrical Bureau of the Department of Public Safety.

Sec. 2. Said Bureau shall, under the direction of the Director of Public Safety, be under the supervision and direction of the Superintendent of Buildings of the Division of Build-

ings of the Department of Public Safety.

Sec. 3. The Superintendent of Buildings shall organize and administer said Bureau according to rules and regulations to be prepared by him and approved by the Director of Public Safety, and said Superintendent is hereby charged with the duty of preparing forms, rules and regulations, and when so approved by said Director of Public Safety, they shall be binding upon all persons, firms or corporations that may come within the terms of this ordinance. Said forms, rules and regulations may be altered or repealed.

Sec. 4. The Board of Commissioners shall, by resolution, upon recommendation of the Director of Public Safety, appoint one Chief Electrical Inspector. He shall be a practical electrician, who has had not less than five years' experience as an electrical worker in the practical installation of interior wiring, electrical appliances and electrical apparatus, and who is not a stockholder in any corporation or firm which is engaged in the supplying of electricity to the public or individuals. It shall be his duty to carry out the provisions of this ordinance under the direction of the Superintendent of Buildings of the Division of Buildings of the Department of Public Safety.

Sec. 5. The Board of Commissioners shall, by resolution, upon the recommendation of the Director of Public Safety, appoint such number of assistant electrical inspectors and clerical or other assistants as it shall deem necessary to properly conduct said Bureau. Such assistant electrical inspectors shall be persons who have had not less than five years' practical experience in the installation of interior wiring, electrical appliances and electrical apparatus, and who are not stockholders in any corporation or firm which is engaged in the supplying of electricity to the public or individuals.

Sec 6 The Chief Electrical Inspector and the assistant electrical inspectors shall devote their whole time and labor to the discharge of the duties of their office. The Chief Electrical Inspector shall have full charge and control of the Electrical Bureau and full direction and control over the assistant electrical inspectors and other attaches of the Electrical Bureau, under the supervision and direction of the Superintendent of Buildings.

Sec. 7. The annual salary or compensation of the Chief Electrical Inspector of said Bureau shall be \$2,500 per annum, and the salary of the assistant electrical inspectors shall be \$1,500 per annum, said salaries to be paid in the same manner as other salaries are paid.

ARTICLE II.

Section 1. Every person, firm or corporation before entering upon or beginning to perform any work or operation in connection with the installation, erection, extension, repair, alteration or change of any wires, fixtures, appliances or electrical apparatus for the use of electrical current designed to be operated on, from, by or in connection with any electrical light, heat, power or other electric plant, service, circuit or circuits generating, delivering, conducting or requiring for its or their operation, use or maintenance, electric current, energy or power at an electromotive force or potential of 10 volts or more (except as hereinafter provided), or any other electrical system generating, delivering, conducting or requiring for its or their operation, use or maintenance, electric current, energy or power at an electromotive force or potential of 50 volts or more (except as hereinafter provided), shall secure from the Electrical Bureau a permit therefor.

Sec. 2. Any person, firm or corporation supplying electrical current for light, heat or power pur-

poses shall not be required to procure a permit for the installation of service wires, service devices or service appliances and the repair thereof.

Sec. 3. Any person, firm or corporation engaged in the manufacture or repair of electrical appliance or apparatus shall not be required to procure a permit for the installation of temporary wiring installed at the place of manufacture or repair for the purpose of testing said electrical appliance or apparatus.

Sec. 4. Any person, firm or corporation engaged in electrical maintenance contracting wherein the contractor agrees to maintain electrical equipment for a given sum by the month or year, the contractor shall file with the Electrical Bureau a statement, showing the work covered by said contracts, and shall file monthly reports showing the work done on said contracts during the month. Fees charged shall be as provided in Section 1, Article III, Class 18.

Sec. 5. Any person, firm or corporation who permanently employs one or more skilled electricians for the purpose of installing electrical wiring in and about their place of business may procure a special wiring permit, which permit shall not be issued for a longer period than three months. Such permit shall permit the installation of electrical wiring, apparatus and fixtures and the repair thereof in the premises designated in said permit.

Work done under this permit shall be reported weekly, accompanied with the proper fee.

The performing of the work done under this permit in an unskilled manner or in violation of the National Electric Code, any section of this Ordinance, or the Rules and Requirements of the Electrical Bureau of the Department of Public Safety will be sufficient cause for the revoking of the permit.

Sec. 6. Any person, firm or corporation may take out a permit,

permitting the making of minor or emergency repairs. The term "minor repair," as herein used, shall be construed to mean repairs the cost of which to the person, firm or corporation having the same done does not exceed \$10. The term "emergency repairs," as herein used, shall be construed to mean such repairs as require immediate attention and are made necessary by the break-down of an electrical system in whole or in part, the continuous operation of which system is necessary for the continuance of the business to which it is devoted and such repairs as are necessary for the protection of life or property. All work done under any minor or emergency repair permits shall be reported in the office of the Electrical Bureau within 24 hours from the time when such work is commenced. All such permits shall expire on December 31 of the year in which they are issued.

The performing of the work done under this permit in an unskilled manner or in violation of the National Electric Code, any section of this Ordinance or the Rules and Requirements of the Electric Bureau of the Department of Public Safety will be sufficient cause for the revoking of the permit.

Sec. 7. All applications for permits shall be made in writing to the Electrical Bureau, on appropriate forms to be furnished to the applicants by said Bureau, together with a detailed statement of the work to be done and such other information as the rules and requirements of said Bureau may call for. Such application shall be signed by the owner of said building or premises, or his, her, their or its duly authorized representative, or the person proposing to do the work.

Sec. 8. No person or persons, firm or corporation shall remove, change or in any way alter any ground wire attached to or a part of any lighting or power installation without the consent of the Electrical

Bureau of the Department of Public Safety.

Sec. 9. It shall be the duty of the Chief Electrical Inspector to go over said application and to recommend to the Superintendent of Buildings the approval or rejection of said application within 10 days from the date of the filing of the same. If said application is approved by the Chief Electrical Inspector, the Superintendent of Buildings shall issue a permit for such work upon the payment of the fees therefor, as hereinafter provided.

All permits shall be placed in a conspicuous place on the building where the work is being done and shall not be defaced, covered or removed before the completion of the work.

Sec. 10. After the issuance of a permit and during the progress of the work to be done thereunder, the same shall be carefully inspected, and upon the completion thereof, provided the installation complies with this ordinance and the rules and regulations of the Electrical Bureau, a final certificate of inspection shall be issued by the Superintendent of Buildings upon the certification by the Chief Electrical Inspector that said work in all respects complies with this ordinance and the rules and regulations of the Electrical Bureau. Provided, however, that a certificate may be issued permitting temporary installation and the supplying of electrical service in any building, if, in the judgment of the Superintendent of Buildings, upon the recommendation of the Chief Electrical Inspector, it is advisable so to do.

If, however, an inspection reveals that any work done under a permit theretofore issued is defective or violates any section of this ordinance or the Rules and Regulations of the Electrical Bureau, the Chief Electrical Inspector shall notify or cause to be notified the person, firm or corporation to whom the permit is is-

sued to correct such defects or violations. The person, firm or corporation receiving such notice shall immediately comply with such notice. If they neglect or refuse so to do, the Chief Electrical Inspector is hereby authorized and instructed to cause the arrest of such person or persons by any police officer of The City of Newark and take such person or persons before one of the judges of the Criminal Courts of the City to be there disposed of according to law.

No certificate will be issued for temporary wiring for a period exceeding three (3) months, except for temporary wiring installed during the construction of buildings for the purpose of enabling the mechanics to do their work.

Sec. 11. It shall be the duty of the Chief Electrical Inspector to inspect or cause to be inspected all electrical wiring and apparatus or other appliances now in or on any building or structure or premises within the City of Newark, and if such wires, appliances or apparatus so inspected are found to be defective or in an unsafe condition or dangerous to life or property by reason of imperfections as to quality of materials or by reason of improper constructions, or are in too close proximity to other wires, appliances or apparatus, the owner or owners of such wires, appliances or apparatus, or the occupant of such building or premises, shall be notified to have the defects remedied within 10 days from the date of such notice. The Chief Electrical Inspector is further authorized, if in his opinion it is necessary for the protection of life or property, to notify or cause to be notified the person, firm or corporation supplying electrical current to such building, structure or other premises to discontinue such supply until the defects in the equipment are remedied to the satisfaction of the Chief Electrical Inspector. The person, firm or corporation receiving

such notice to discontinue the supply of electrical current shall immediately comply with such notice. If such person, firm or corporation neglects or refuses so to do, the Chief Electrical Inspector is hereby authorized and instructed to cut or cause to be cut the supply wires which convey the electric current to the apparatus or appliances or wiring found to be defective.

Any installation having had the service disconnected or the meter removed, and not having been in use for three (3) consecutive months or over, shall not have electric current again introduced into same without the consent of the Electrical Bureau.

Sec. 12. Any electric meter now in use or hereafter installed shall be proved and tested on the written request of the consumer of the electricity on whose premises it may be, and in his presence, if he so desires, upon the payment in advance by him to the inspector of the sum of \$1 for each and every meter inspected; if any such meter on being tested shall be found to register inaccurately to the injury of the consumer, to an extent exceeding 4%, the fee of \$1 shall be returned to the person applying for said inspection, and every such meter shall be considered correct if it shall register quantities varying from the true standard measure of electricity of not more than 3%, and a record shall be kept of the same and of all fees so collected.

Sec. 13. The Chief Electrical Inspector shall carefully inspect, daily or weekly, or cause to be inspected, the wiring and all electrical devices or appliances used by any show, person, firm or corporation, in any theatre or place of amusement in the City of Newark. The inspector shall give a receipt for the fee charged, which fee shall be paid by the person or persons using said electrical devices, apparatus or appliances. If the electrical devices, apparatus or appliances are found to

be defective or dangerous in any way, the inspector shall notify the owner of the premises in which said devices, apparatus or appliances are operated or the person in charge of the apparatus, appliances and devices of such defect and the same shall not be used until such defects are removed to the satisfaction of the electrical inspector. All electrical devices, apparatus or appliances owned by the theatre or place of amusement and used on stage shall be stamped with the name of the owner.

Sec. 14. The Chief Electrical Inspector shall report daily to the Superintendent of Buildings with respect to the general condition of the Bureau, with such recommendations as he may deem proper, and each assistant electrical inspector shall make a complete daily report to the Chief Electrical Inspector of all transactions relating to the department, performed by him.

Sec. 15. No person, firm or corporation shall supply electrical service to any installation for which a temporary or final certificate has not been issued permitting the same, and no person shall put in use any installation for which a final or temporary certificate, as described herein, has not been issued.

Sec. 16. No person, firm or corporation shall cover or cause to be covered with lath, plaster, partitions, flooring, metal ceiling or any other thing that prevents a proper inspection of the electrical appliances, wiring, devices or any other apparatus before same is inspected or approved, and the Superintendent of Buildings shall have power to remove or cause to be removed any obstructions, such as lath, plaster, partitions, flooring, metal ceiling or any other thing that prevents a proper inspection of the electrical appliances, wiring, devices or any other apparatus; the cost of such removal shall be borne by the person or persons, firm or corporation who cov-

ered or caused the wires to be covered.

Sec. 17. Notice of violation of this ordinance or of the rules and regulations of the Electrical Bureau shall be served on the owner, occupant or the person having the care or custody of the building or premises where such violation exists, which notice shall give not more than 10 days nor less than 5 days to the owner, occupant or person having the care or custody of the building or premises where such violation exists, to remove such violation, and in case the owner, occupant or the person having the care or custody of such building or premises neglects or refuses to remove such violation the supply of electrical current shall be immediately shut off.

Sec. 18. The Chief Electrical Inspector shall decide all questions pertaining to the installation of electric wires, appliances, apparatus and fixtures not provided for in this ordinance.

Sec. 19. The electrical inspectors have the right in the discharge of their duties to enter any building for the purpose of examining and testing the electrical wiring, apparatus or appliances therein or thereon contained. And for that purpose they shall be given prompt access to all buildings, public or private, and to all such wiring, apparatus or appliances, on application to the individuals or company owning or in charge of the same.

Sec. 20. The regulations of the National Board of Fire Underwriters for electric wiring and apparatus, known as the "National Electric Code," shall be adopted as the rules and requirements of the Electrical Bureau by the Superintendent of Buildings, together with such additions and modifications as he may deem necessary for the proper enforcement of this ordinance and for the protection of life and property.

Sec. 21. It shall also be the duty of the Chief Electrical Inspector to

receive from accredited fire insurance men any suggestion they may make in regard to any improvement in the installation of electrical wiring, apparatus or appliances, and immediately upon receipt thereof to report the same to the Superintendent of Buildings, for such action as he may deem advisable.

Sec. 22. All moneys received for permits, certificates or inspections, or accruing from any other source under the provisions of this ordinance, shall be paid through the Building Department into the City Treasury.

ARTICLE III.

Section 1. The fees for permits provided for in this ordinance and the inspection of the work done thereunder shall be as follows:

ANNUAL REPORTS.

Annual reports for the year 1918 were received from the following departments:

Newark Technical School,
City Clerk.

The following communications were received and read:

Building Trades Council, office 268
Washington Street.

Newark, N. J., March 24, 1919.

To the Honorable
Board of City Commissioners.
Gentlemen:

At a meeting of the above named Council, held March 19th, the Council voted unanimously as opposed to the employment of utility men in the city institutions, especially the City Hospital, believing it impossible for one man to be proficient in several trades. It seems reasonable that in a hospital the very best should be employed. Therefore we enter a protest against the action of Mayor

C P Gillen in placing these utility men in city institutions.

Yours very respectfully,

Newark Building Trades Council,
Nath. Bonnel, Secretary.

Ordered referred to the Director of Public Affairs.

The House of Assembly of New Jersey.

Trenton, N. J., March 24, 1919.

Hon. Charles P. Gillen,
Newark, New Jersey.

My dear Mr. Gillen:

I notice by the press that the city commissioners have indorsed the Police and Firemen Pension bill, Assembly 297. I am wondering if you appreciate that the commission provided in this bill to handle the pension matters of the city. There is one representative of the city government on the commission and eight representatives of the men who are to get the pensions. These men pass upon all pensions and control the entire situation. Our expert figures that to carry the pension on a reserve basis would cost from 19 to 20% of pay roll for the first year, diminishing a slight fraction each year until about forty years; then the cost would be something like 12% of pay roll. The bill calls for the men to pay 2% of this cost, the city 4% plus all deficits.

I feel it my duty to call your attention to this matter, as the city's obligations under the new bill have been increased very largely over the present situation.

Yours very truly,

Arthur N. Pierson.

Ordered filed.

Mayor Gillen: If this bill goes through and it becomes a law, will the city of Newark have to pay 19% or 4%?

Mr. Brady: Under this law they will have to pay 4%, and if we get back revenues from the different sources that are now going into the pension funds it will possibly make a difference of from \$37,000 to \$40,-

000 that the city will have to pay, but that does not say that the fund will last forever; it is only putting off the evil day.

Commissioner Archibald offered the following petition, which was read by the clerk:

To the Board of .

Commissioners of the
City of Newark.

The petition of Henry G. Sieb of the City of Newark, County of Essex and State of New Jersey, respectfully shows:

First, that he is the owner in fee simple of all that certain tract or parcel of land and premises herein-after particularly described, situate, lying and being in the City of Newark, County of Essex and State of New Jersey.

BEGINNING at a point in the westerly line of Prince Street, now Stratford Place, distant two hundred and eighteen feet and forty-two hundredths of a foot south of the southerly line of Rose Street; thence westerly at right angles to Prince Street one hundred feet; thence southerly parallel with Prince Street fifty feet; thence easterly one hundred feet to the westerly line of Prince Street; thence northerly along the same fifty feet to the place of beginning. Being lots number 53 and 54 on a map of property known as the Clinton Hill property on file in the office of the City Surveyor of the City of Newark.

Second: That the title to the said lands and premises is derived directly from the Mayor and Common Council of the City of Newark and was conveyed to Christine Sieb by deed dated January 15, 1886, which deed is recorded in the Essex County Register's Office in Book Y 22 of deeds for said county on pages 280, 281 and 282.

Third: That the said Christine Sieb died seized of the said premises on or about the first day of Febru-

ary, 1916, and that your petitioner derives his title thereto as heir at law of the said Christine Sieb, as shown by the application for administration of her estate, Book 28 of Applications, page 248.

Fourth: Your petitioner further shows that when the lands and premises above described were originally sold by the Mayor and Common Council of the City of Newark to the said Christine Sieb they were sold and made subject to the following conditions:

First. That no stable, barn, carriage or out-house shall be built or erected thereon within less than sixty feet of the street or front line of the said property.

Second. That no factory or manufacturing establishment shall be built or erected thereon, or any business of that kind carried on upon the said premises.

Third. That no building built or to be erected thereon shall be used for the purpose of a liquor store or saloon.

Fourth. That every dwelling to be built or to be erected thereon shall be located so that the front line thereof shall be at least six feet from the front or street line of the said property, and such dwelling shall be erected at a cost of not less than Two Thousand Dollars.

On breach of these conditions, or either of them, the estate hereby granted shall cease and determine, and the party of the first part, their successors and assigns, shall have the right to enter thereon and take full possession thereof, and to use, hold and occupy the said property as of their former estate.

Fifth. Your petitioner further shows that he has been unable to sell the aforesaid lands and premises because of the deed of conveyance from the Mayor and Common Council of the City of Newark to the said Christine Sieb, providing that a

breach of any of the conditions contained in said deed shall work a forfeiture of the estate.

Your petitioner therefore prays that the said conditions be removed so as to release the premises aforesaid from the condition in said deed, by the breach of which, the estate granted therein shall cease and determine and the Mayor and Common Council, their successors and assigns, shall have the right to enter thereon and take full possession thereof and to use, hold and occupy the said property as of their former estate.

And your petitioner prays that the restrictions on the said premises remain as covenants to run with the land and to be binding upon your petitioner, his successors, heirs or assigns.

And your petitioner will ever pray, &c.

Henry G. Sieb,
Petitioner.

Commissioner Archibald offered the following resolution:

WHEREAS, A petition has been presented to the Board of Commissioners of the City of Newark by Henry G. Sieb setting forth that he is the owner of certain lands and premises in the City of Newark, County of Essex and State of New Jersey, described as follows:

Beginning at a point in the westerly line of Prince Street, now Stratford Place, distant two hundred and eighteen feet and forty-two hundredths of a foot south of the southerly line of Rose Street, thence westerly at right angles to Prince Street one hundred feet, thence southerly parallel with Prince Street fifty feet, thence easterly one hundred feet to the westerly line of Prince Street, thence northerly along the same fifty feet to the place of beginning. Being lots number 53 and 54 on a map of property known as the Clinton Hill property on file in the office of the City Surveyor of the City of Newark.

That the title to the said lands and premises is derived directly from the Mayor and Common Council of the City of Newark, and was conveyed to Christine Sieb by deed dated January 15, 1886, which deed is recorded in the Essex County Register's Office in Book Y-22 of deeds for said County on pages 280, 281 and 282.

That the said Christine Sieb died seized of the said premises on or about the first day of February, 1916, and that your petitioner derives his title thereto as heir at law of the said Christine Sieb, as shown by the application for administration of her estate, Book 28 of Applications, page 248.

That when the lands and premises above described were originally sold by the Mayor and Common Council of the City of Newark to the said Christine Sieb they were sold and made subject to the following conditions:

First. That no stable, barn, carriage or out-house shall be built or erected thereon within less than sixty feet of the street or front line of the said property.

Second. That no factory, manufacturing establishment shall be built or erected thereon, or any business of that kind carried on or upon the said premises.

Third. That no building built or to be erected thereon shall be used for the purpose of a liquor store or saloon.

Fourth. That every dwelling to be built or to be erected thereon shall be located so that the front line thereof shall be at least six feet from the front or street line of the said property, and such dwelling shall be erected at a cost of not less than Two Thousand Dollars.

On breach of these conditions, or either of them, the estate hereby granted shall cease and determine, and the party of the first part, their

successors and assigns, shall have the right to enter thereon and take full possession thereof, and to use, hold and occupy the said property as of their former estate.

That he has been unable to sell the aforesaid lands and premises because of the deed of conveyance from the Mayor and Common Council of the City of Newark to the said Christine Sieb, providing that a breach of any of the conditions contained in said deed shall work a forfeiture of the estate.

NOW, THEREFORE, BE IT RESOLVED, That the proper officers of the City of Newark be authorized and directed to execute in the name of the City of Newark a release to said Henry G. Sieb, the owner of the premises above described, and the petitioner mentioned in said petition, which said release shall be drawn so as to release the said lands and premises from the right of entry for condition broken created in the Mayor and Common Council of the City of Newark, its successors or assigns, by said deed from them to said Christine Sieb, by which, on breach of the conditions therein contained, the title to the said lands and premises granted by said deed was to cease and determine, and the said the Mayor and Common Council of the City of Newark, its successors and assigns, was to have the right to enter thereon, and take full possession thereof, and to use, hold and occupy the said property as of their former estate.

Provided, however, that said release shall be approved by a member of the Law Department of the City of Newark and shall be drawn in such a manner as to change the condition placed upon said land by said deed to said Christine Sieb from the form of condition, which provides for a forfeiture of the estate, in case of a breach thereof, to the form of covenants to run with the land and to be binding upon the owners thereof, their successors, heirs and as-

signs, so that the owners of said lands and premises shall not be released from the obligation to keep and observe all of the restrictions which were attached to said lands and premises by said deed to Christine Sieb.

John F. Monahan.

The roll being called, the resolution was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Archibald: This Commission went on record as approving of an aerial mail service station in the Forest Hill section. As a member of that committee I have been requested to ask this Commission if there isn't some way by which the City could help in establishing this station in Forest Hill. I would like to have the matter referred to the Law Department, to find out if

there isn't some way by which the city can help us out.

City Counsel Congleton: The only possible way that I know of would be if we could consider this as advertising our city. There is a provision under the Home Rule Act which allows you to spend money to advertise your city. I do not know what they mean by advertising your city.

Commissioner Archibald moved to adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas — Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.
